## JOHN J. HESSON IS FATALY HURT IN ACCIDENT ON HANOVER ROAD

John J. Hesson, 66, of 27 West Chestnut street, Hanover, was injured fatally at 7:15 o'clock Thursday night four miles east of Gettysburg on the Bonneauville road when his automobile struck an embankment and overturned. He was pronounced dead on arrival at the Warner hospital.

Hesson, sales manager of the Chisholm-Ryder company, Hanover, a canners' supply firm, was enroute to his home after visiting canning plants in the upper part of Adams county, state police of the Gettysburg substation, who investigated the accident, said.

Members of the family told state police that the man had been under treatment for a heart condition. His car ran off the right side of the highway, then crossed the road to the left side and ran into the embankment.

**Thrown Out of Car**  
Hesson was pitched out of the car when the right front door of the automobile was thrown open by the impact. He landed on the berm at the side of the road. The car rolled over and slid about 75 feet down the highway, police said.

A passing motorist discovered the wrecked car. There was no traffic on the road in the immediate vicinity at the time of the accident, police said. Pfc. David K. James of the local substation arrived on the scene within a short time of the accident while on a regular patrol, and took charge, assisted later by Cpl. Jack Bartlett.

The Warner hospital ambulance was called and removed Hesson to the hospital. Dr. C. G. Crist, Adams county coroner, said the man died of a compound fracture of the skull. He said no inquest would be held. The automobile, valued by state police at \$850, was a total loss.

**Rites On Sunday**  
Hesson was a son of the late John F. and Elizabeth Crawford Hesson. He was a member of Grace Reformed church and the Moose lodge of Hanover and the Knights of Pythias, Westminster.

Surviving are his widow, Nettie A. (Kress) Hesson and three brothers, Harry C., Westminster, and Robert R. and Charles M. Hesson, Hanover.

Funeral services Sunday afternoon at 2 o'clock at the Feiser funeral home, Hanover. Rev. William Banks officiating and interment in Meadowbranch cemetery between Westminster and Taneytown. Friends may call at the funeral home Saturday evening.

## OKAY REMOVAL OF DANGEROUS CURVE IN ROAD

The Maryland State Roads commission on Wednesday formally approved the elimination of a dangerous right-angle curve on Route 15 at the intersection of the Old Frederick road just south of Emmitsburg, according to Commissioner Russell H. McCain.

Mr. McCain said the approval paves the way for an early start on the project, which has been strongly recommended by Emmitsburg area residents.

He said it was not immediately determined whether the project will be let by contract or whether State Roads Commission forces will undertake the work.

**Give Right-Of-Way**  
The present road will be kept intact for use, he said, but a sweeping eight-degree curve will carry Route 15 traffic from a point south of the present intersection to the approach to the bridge over Tom's Creek.

Right-of-way for the new link, it was announced, has been given by St. Joseph college. The present dangerous curve is between the St. Joseph and Mt. St. Mary college sites. It was announced about six weeks ago that the college authorities had offered the right-of-way for the improvement.

The present right-angle curve has been the scene of many serious accidents over a period of years.

The improvements can be accomplished without impeding traffic on Route 15 during the progress of the work, it was explained.

The plans call for a 24-foot wide macadam stretch on the relocation project. Officials have indicated that the project can be completed in a short time.

## Finds Most Fires Occur Near Noon

At what hours do the most fires in Gettysburg and vicinity occur? Not, as supposed by many persons, during early morning hours, but between 1 and 2 o'clock in the afternoon, according to Burgess William G. Weaver, who is also vice president of the Gettysburg Fire company and a fire fighter for many years.

Burgess Weaver's figures cover a period from 1923 to the present, but with several lapses during which he was serving Uncle Sam in the armed forces and was not here to fight fires. Actually, they cover approximately 17 years of actual experience.

During this time, the burgess recorded a total of 893 fires, and 63 of them occurred between 1 and 2 p. m. The next largest number were between 11 o'clock and noon, he says, a total of 63.

Listing his fires by hours in which they occurred, Burgess Weaver gives the following additional statistics: 10 a. m. to 11 a. m., 59; 9 to 10 a. m., 54; 3 to 4 p. m., 54; 4 to 5 p. m., 52; 2 to 3 p. m., 51; 6 to 7 p. m., 51; 7 to 8 p. m., 49; midnight to 1 a. m., 48; 5 to 6 p. m., 46; 8 to 9 a. m., 44; 7 to 8 a. m., 42; 9 to 10 p. m., 35; 8 to 9 p. m., 31; 6 to 7 a. m., 23; 10 to 11 p. m., 23; 11 p. m. to midnight, 21 and 1 to 2 a. m., 20.

There were 319 fires between noon and 6 p. m., according to stats; 285 from 6 a. m. to noon; 210 from 6 p. m. to midnight, and only 79 from midnight to 6 a. m.

## ADMITTS SIGNING HIS WIFE'S NAME

Eugene Shaffer, York Springs R. 2, admitted to Justice of the Peace John H. Basore Thursday afternoon that he signed his wife's name to a public assistance check for \$68.40 last April 21, and cashed it but declared that this was not forgery.

He was arrested by Sheriff Dorsey Shultz Thursday afternoon on a forgery charge signed by William C. Weigle, Heidlersburg grocer. Squire Basore held Shaffer for the grand jury following a hearing, and remanded him to jail in default of bail.

Authorities said Mrs. Shaffer had been receiving assistance checks, and complained several months ago that she failed to get one of them. An investigation was made and the department of revenue in Harrisburg came up with the check she said she never received with a signature on it purporting to be hers.

Shaffer, according to the information, left home to meet the mail carrier, obtained the letter and check sent to his wife, continued on to the Weigle grocery and cashed it.

## Civic Nursing Association, Girl Scouts Look To Chest Drive For Funds For Year

Oldest of the organizations participating in the Community Chest is the Gettysburg Civic Nursing association, founded in 1912 and toward which the Chest this year will provide \$1,000.

Each year for the last 38 years it has been carrying on but one activity—providing a nurse for home care of the ill at any time of the day or night and whenever needed in the Gettysburg area served by the Community Chest.

Mrs. W. A. Holtzworth, the civic nurse, is paid \$1,500 a year by the organization to carry out all nursing duties that are required. ## COMMISSIONERS COMMEND NEW TAX ASSESSOR

East Berlin will gain about \$100,000 in its assessed valuation as the result of the work of its new assessor, Russell Tanner, the Adams county commissioners concluded Thursday afternoon at the end of hearings in 30 appeals brought by East Berlin residents as a result of increases made in the tax assessments.

Sitting as the county's board of appeals for assessments, the commissioners completed all but two of the cases where the tax collector and home owners could not agree on the actual valuation of the properties assessed. They plan to visit East Berlin, probably next Wednesday, to look over the properties and make a final valuation.

When they completed their hearing of the appeals, they commended Tanner for his work as an assessor, and noted that not only had he brought the assessed valuations of most of the properties in East Berlin more in line with the assessments in the rest of the county, but that he had also increased the assessment on his own home by \$400.

**Agree On Most Figures**  
Tanner told the commissioners he didn't think an assessor should show any favoritism to himself, and when he checked the properties and decided the assessment of other similar homes he brought up the assessment on his own place to be in line with the rest.

In all of the 30 cases, with the exception of two, a discussion of the new assessment led to agreement between the tax collector and the property owner as to a fair valuation for the property. The ratio of 23.5 per cent of actual value was then applied and that amount placed as the assessed value.

In ten of the cases no change was made from the valuation listed. In seven cases, decreases were allowed. Two of the cases were postponed and in one case the valuation of a house was increased by \$500.

The increase came about in connection with a property holder who owned two properties, both of them of about the same value, and both of which rented for the same figure, according to testimony at the hearings.

**Praise For Tanner**  
One was assessed at \$1,900 and the other at \$1,200. When the discussion ended the tax collector, property owner and commissioners were all agreed that both should be assessed at \$1,700.

The commissioners noted that Tanner had "carried out a tremendous amount of work very successfully" (Continued on Page 2)

## Chill Blasts Meet Allied Troops Near Red Frontier

Seoul, Oct. 27 (AP)—Thinly-clad Allied troops trudged over snow and tortuous summits tonight toward Manchuria's Communist frontier.

The forward troop movement was from the Korean west coast across the spiny peninsula to the Sea of Japan.

The shivering troops braved wintry blasts but met few enemy troops near the border. Behind the forwardmost troops, however, Red forces put up a fight.

**Reds Driven Back**  
A U. S. 8th Army spokesman here said the South Korean (ROK) First Division had beaten back an attack by a Red force containing "Chinese and North Korean elements" 50 miles south of the border.

The battle raged all day around Unsan, directly south of Chosan, the only Manchurian border point reached by United Nations troops. At nightfall a U. S. 8th Army headquarters spokesman said the South Korean First Division had beaten back the attacking Reds and driven them west of the town.

At Chosan, where the ROK Sixth Division was perched on the banks of the Yalu river opposite Manchuria, not an enemy soldier was visible. The river forms the boundary.

**Most Reds 'Behind Us'**  
But hungry bands of bypassed North Koreans popped up in scattered areas. Two battalions of U. S. and ROK marines were rushed south of Wonsan port to stop a marauding band of 4,000 Reds striking from the Diamond mountains. That is 30 to 40 miles from the big east coast port where U. S. Marines and infantry and ROK marines began landing Thursday.

An American Marine battalion from Wonsan landed at Kojo. A battalion of South Korean marines landed father south to spring a trap around the terrorists, led by a Red Korean brigadier general.

A U. S. 10th Army spokesman at Wonsan said the situation was not serious, but added: "There are more North Koreans behind us than ahead of us. They are coming out of the hills all down the coast raiding towns, holding up trains and generally annoying us."

One unconfirmed report said Red raiders killed all villagers at Iri who had been friendly to Allied troops. The town is north of Wonsan. There was no estimate on the loss of life.

Members attended in ghost costumes, and a prize was offered to the person guessing the identity of the guests. This was awarded to Miss Rosea Armor. Miss Nina Merrow received second prize. Mrs. Jesse Chapin was given a prize as the most comically dressed "ghost."

Refreshments were served in cafeteria style in the appropriately decorated dining room, with Miss Ruth Doud, Y.W.C.A. director, and Miss Louise Bender, office secretary, presiding at the serving table.

Group games, and a monologue given by Mrs. W. A. Corbett, were other features of the program. Miss Virginia Wright, president of the club, announced that the next meeting will be a dinner and business meeting, Thursday, November 2, at the Y.W.C.A., beginning at 6:30 p. m.

## OKAY REMOVAL OF DANGEROUS CURVE IN ROAD

The Maryland State Roads commission on Wednesday formally approved the elimination of a dangerous right-angle curve on Route 15 at the intersection of the Old Frederick road just south of Emmitsburg, according to Commissioner Russell H. McCain.

Mr. McCain said the approval paves the way for an early start on the project, which has been strongly recommended by Emmitsburg area residents.

He said it was not immediately determined whether the project will be let by contract or whether State Roads Commission forces will undertake the work.

**Give Right-of-Way**  
The present road will be kept intact for use, he said, but a sweeping eight-degree curve will carry Route 15 traffic from a point south of the present intersection to the approach to the bridge over Tom's Creek.

Right-of-way for the new link, it was announced, has been given by St. Joseph college. The present dangerous curve is between the St. Joseph and Mt. St. Mary college sites. It was announced about six weeks ago that the college authorities had offered the right-of-way for the improvement.

The present right-angle curve has been the scene of many serious accidents over a period of years. The improvements can be accomplished without impeding traffic on Route 15 during the progress of the work, it was explained.

The plans call for a 24-foot wide macadam stretch on the relocation project. Officials have indicated that the project can be completed in a short time.

Listing his fires by hours in which they occurred, Burgess Weaver gives the following additional statistics: 10 a.m. to 11 a.m., 59; 9 to 10 a.m., 54; 3 to 4 p.m., 34; 4 to 5 p.m., 52; 2 to 3 p.m., 51; 6 to 7 p.m., 51; 7 to 8 p.m., 49; midnight to 1 a.m., 48; 5 to 6 p.m., 46; 8 to 9 a.m., 44; 7 to 8 a.m., 42; 9 to 10 p.m., 35; 8 to 9 p.m., 31; 6 to 7 a.m., 23; 10 to 11 p.m., 23; 11 p.m. to midnight, 21 and 1 to 2 a.m., 20.

There were 319 fires between noon and 6 p.m., the burgess says; 285 from 6 a.m. to noon; 210 from 6 p.m. to midnight, and only 79 from midnight to 6 a.m.

## ADMITS SIGNING HIS WIFE'S NAME

Eugene Shaffer, York Springs R. 2, admitted to Justice of the Peace John H. Baseore Thursday afternoon that he signed his wife's name to a public assistance check for \$68.40 last April 21, and cashed it but declared that this was not forgery.

He was arrested by Sheriff Dorsey Shultz Thursday afternoon on a forgery charge signed by William C. Weigle, Heidlersburg grocer. Squire Baseore held Shaffer for the grand jury following a hearing, and remanded him to jail in default of bail.

Authorities said Mrs. Shaffer had been receiving assistance checks, and complained several months ago that she failed to get one of them. An investigation was made and the department of revenue in Harrisburg came up with the check she said she never received with a signature on it purporting to be hers.

Shaffer, according to the information, left home to meet the mail carrier, obtained the letter and check sent to his wife, continued on to the Weigle grocery and cashed it.

## COMMISSIONERS COMMEND NEW TAX ASSESSOR

East Berlin will gain about \$100,000 in its assessed valuation as the result of the work of its new assessor, Russell Tanner, the Adams county commissioners concluded Thursday afternoon at the end of hearings in 30 appeals brought by East Berlin residents as a result of increases made in the tax assessments.

Sitting as the county's board of appeals for assessments, the commissioners completed all but two of the cases where the tax collector and home owners could not agree on the actual valuation of the properties assessed. They plan to visit East Berlin, probably next Wednesday, to look over the properties and make a final valuation.

When they completed their hearing of the appeals, they commended Tanner for his work as an assessor, and noted that not only had he brought the assessed valuations of most of the properties in East Berlin more in line with the assessments in the rest of the county, but that he had also increased the assessment on his own home by \$400.

**Agree On Most Figures**  
Tanner told the commissioners he didn't think an assessor should show any favoritism to himself, and when he checked the properties and decided the assessment of other similar homes he brought up the assessment on his own place to be in line with the rest.

In all of the 30 cases, with the exception of two, a discussion of the new assessment led to agreement between the tax collector and the property owner as to a fair valuation for the property. The ratio of 23.5 per cent of actual value was then applied and that amount placed as the assessed value.

In ten of the cases no change was made from the valuation listed. In seven cases, decreases were allowed. Two of the cases were postponed and in one case the valuation of a house was increased by \$500.

The increase came about in connection with a property holder who owned two properties, both of them of about the same value, and both of which rented for the same figure, according to testimony at the hearings.

**Praise For Tanner**  
One was assessed at \$1,900 and the other at \$1,200. When the discussion ended the tax collector, property owner and commissioners were all agreed that both should be assessed at \$1,700.

The commissioners noted that Tanner had "carried out a tremendous amount of work very successfully." (Continued on Page 2)

## Chill Blasts Meet Allied Troops Near Red Frontier

Seoul, Oct. 27 (AP)—Thinly-clad Allied troops trudged over snow and tortuous summits tonight toward Manchuria's Communist frontier.

The forward troop movement was from the Korean west coast across the spiny peninsula to the Sea of Japan.

The shivering troops braved wintry blasts but met few enemy troops near the border. Behind the forwardmost troops, however, Red forces put up a fight.

**Reds Driven Back**  
A U. S. 8th Army spokesman here said the South Korean (ROK) First Division had beaten back an attack by a Red force containing "Chinese and North Korean elements" 50 miles south of the border.

The battle raged all day around Unsan, directly south of Chosan, the only Manchurian border point reached by United Nations troops. At nightfall a U. S. 8th Army headquarters spokesman said the South Korean First Division had beaten back the attacking Reds and driven them west of the town.

At Chosan, where the ROK Sixth Division was perched on the banks of the Yalu river opposite Manchuria, not an enemy soldier was visible. The river forms the boundary.

**Most Reds 'Behind Us'**  
But hungry bands of bypassed North Koreans popped up in scattered areas. Two battalions of U. S. and ROK marines were rushed south of Wonsan port to stop a marauding band of 4,000 Reds striking from the Diamond mountains. That is 30 to 40 miles from the big east coast port where U. S. Marines and infantry and ROK marines began landing Thursday.

An American Marine battalion from Wonsan landed at Kojo. A battalion of South Korean marines landed farther south to spring a trap around the terrorists, led by a Red Korean brigadier general.

A U. S. 10th Army spokesman at Wonsan said the situation was not serious, but added: "There are more North Koreans behind us than ahead of us. They are coming out of the hills all down the coast raiding towns, holding up trains and generally annoying us."

One unconfirmed report said Red raiders killed all villagers at Iri who had been friendly to Allied troops. The town is north of Wonsan. There was no estimate on the loss of life.

Refreshments were served in cafeteria style in the appropriately decorated dining room, with Miss Ruth Doud, Y.W.C.A. director, and Miss Louise Bender, office secretary, presiding at the serving table.

Group games, and a monologue given by Mrs. W. A. Corbett, were other features of the program. Miss Virginia Wright, president of the club, announced that the next meeting will be a dinner and business meeting, Thursday, November 2, at the Y.W.C.A., beginning at 6:30 p.m.

SEE WRECKAGE OF LOST PLANE

Johnstown, Pa., Oct. 27 (AP)—A Civil Patrol pilot today sighted the wreckage of a plane atop a mountain 15 miles southeast of Johnstown. It is believed to be the plane missing since Monday with an Illinois professor and his wife aboard.

William H. Weaver sighted the wreckage while flying at 2,000 feet. He expressed certainty that it is the missing plane. There was no sign of life at the spot. Ground rescue crews were dispatched to the scene.

Weaver, of Jerome, Pa., said he saw the tail section of the plane protruding from a heavily wooded area in the Allegheny mountains in Somerset county. The wreckage is about three-fourths of a mile off Highway Route 56 and near the little community of Rummel.

Prof. Elliott R. Alexander of the University of Illinois and his wife disappeared in a private single-engine plane on a flight to State College, Pa., where he was to address a chemistry class at Pennsylvania State college.

A fleet of some 50 Civil Air Patrol planes have been scouring woodlands between Johnstown and State College since Tuesday under direction of an air rescue service unit of the Army Air Force.

Democrats Split On Truman Appeal

Washington, Oct. 27 (AP)—His party's high command was reported divided today on whether President Truman should make a political appeal for the election of a Democratic Congress on November 7.

William M. Boyle, Jr., Democratic national chairman, says he has urged the President to make at least one frankly political speech. Mr. Truman told yesterday's White House news conference he is thinking the matter over.

But if a group of Congressional advisers who can't be named have their way, the President will stand on recent speeches he made at San Francisco and before the United Nations. These were classified as non-political but Democratic members of Congress generally were reported to feel they improved Mr. Truman's stature and indirectly helped party candidates.

If the President passes up the temptation to make a direct appeal to the voters, some of his advisers are saying that he could outline his views in an expected call for a special session of Congress.

Smith, chief assessor for the county said: "In the brief time since he has been an assessor he has revised approximately three-fourths of the assessments in the town, and has done a remarkably good job, much evidence of which was shown in the hearings during the past two days. East Berlin had been somewhat lower in its assessments than the rest of the county, and the revisions bring it up to level with the rest of the county. "Many properties were more than doubled by the reassessment, and while 30 appeals may seem large, it actually is a small number of complaints compared to the number of assessments revised.

"In most of the appeals there was simply a difference of opinion between the property owner and the assessor over the actual valuation of properties. In the hearings those differences were soon ironed out to the satisfaction of everyone. It was a huge task Mr. Tanner has carried out and he did a good job. One that will benefit the whole borough."

## Johns Hopkins Will Meet Bullets; Coder Returns; Seven Bands To Perform

Better-than-average Johns Hopkins university football team will meet the Gettysburg college eleven tomorrow field Saturday afternoon at 2 o'clock.

Johns Hopkins will be observed on campus Saturday and as a special feature there will be seven bands performing at the game.

The Adams county high school team from Gettysburg, Biglerville, Berlin, New Oxford and York, will be guests of the college. The Johns Hopkins and college will provide entertainment of time.

Johns Hopkins has a heavy team and will have a distinct advantage over the Bullets, particularly on the line.

Blue and Miller, two veterans, Blue Jays boast a pair of extremely fast and tricky backs who can cause the Orange and outfit some trouble.

Many Favor Jays  
There is little doubt that Johns Hopkins, like other future opponents of the Bullets, feels that this is the team to win over the Bream-men. The team "upset" is to be used inasmuch as many forecasts have picked the Blue Jays to win on Saturday.

Johns Hopkins' season record is too impressive. In the opener Jays lost to Hampden-Sydney and then bowed to Franklin Marshall 20-14. After walloping Uehanna 34-0, the Baltimore were forced to accept a 13-13 tie with Catholic university last week, the outplaying their opponents the way.

Each "Hen" Bream today attacked that Eugene Coder, veteran, who has been out of action due to an injury since the game with Bucknell, will be available for part time duty.

Hammond Advanced  
Another change has been announced for Saturday. Jim Hammond, a sophomore back, will start in starting role as a member of offensive unit.

In addition to Hammond, the field to bear the brunt of the attack will include Tom Faulkner, who gave such a fine performance last week; Vince Rossetti, another running back, and Ditty Jones, turned in a nice exhibition last week. Mulhensberg, particularly on punt.

The Bullets will be out to halt a game losing streak against the Orange. They are hopeful of starting a four-game winning streak this week which would also require a win over Dickinson, Albright and M. in that order.

## BULLET FROSH DEFEAT BISON GRIDDERS 12-7

Gettysburg college's unbeaten freshman football team copped its third straight victory here Thursday afternoon by defeating a favored Bucknell yearling outfit 12-7.

All of the scoring came in the first period, neither team being able to manufacture a score in the last three periods although the Little Bullets were halted once on the 15-yard line in the third quarter and again on the 12 late in the final stanza.

Immediately after the opening kickoff Bucknell fumbled with Gettysburg recovering on the Bisons' 36. Ujohal swept through left tackle for a first down on the 25. Ujohal and Araneo picked up nine yards on successive tries but the drive was stopped when a fumble was recovered by Bucknell on the 14.

Unable to gain against the Bullet line, which was outstanding throughout the game, Bucknell punted. The kick was partially blocked and went out of bounds on the Bison 27. Shortly afterwards Ujohal circled right end and scampered 37 yards to score. Pratt's placement kick was wide for the point.

Shortly afterwards an exchange of punts gave the Bullets the ball on their own 38. At that point Jones, Blson back, stole the ball from the hands of a Bullet carrier and raced to a score. McPee converted to put the Bisons ahead 7-6.

Araneo Raced 60 Yards  
Coach Cole re-inserted his original starting team and the Bullets soon tallied. Gettysburg took possession on the 40 on the following kickoff and on the first play from scrimmage Araneo circled right end to race 60 yards for the TD. Pratt's kick for the point was blocked.

Bucknell made its best bid for a second score early in the second period when two straight first downs put the ball on the 8. Three line smashes gained a total of one yard against the stalwart Bullet line and when a pass failed, the Cole-men took over on the 7.

Near the end of the half the Bullets drove to the visitors' 9 where a Bison intercepted a pass.

Ujohal returned the second half kickoff to the 30 and then Cagliano broke through left tackle and raced 50 yards before being dropped on the Bison 20. Bucknell braced and took over on the 15.

Neither team could get its offense clicking in the second half and each had its runners tossed for large losses time and again.

Next Friday the Bullets will go after their fourth straight when Mercersburg academy will be met at Mercersburg.

## PRINCETON AND CORNELL CLASH IN TOP CONTEST

New York, Oct. 27 (AP)—The country's No. 1 football team, Southern Methodist, will stand on the sidelines and watch the lesser lights scramble for spots in the top ten this week.

Army, which is rated No. 2, could take over the top spot if it scores decisively over Columbia, one of the have nots of the Ivy league. But the Lions—though they probably will go down—are not to be taken lightly.

It will be recalled that in 1947, Lou Little's boys came up with one of the major upsets of the year by whipping the cadets, 21-20.

No. 3, Oklahoma, sporting the longest winning streak in current college circles—25—takes on Iowa state, and this is figured by the odds makers to be a breeze for the powerful Sooners.

From a competitive standpoint, the game of the week will pair a couple of ancient and hallowed Ivy league rivals, Cornell and Princeton in Tigerstown. A crowd of 50,000 will be on hand in Palmer stadium when these two unbeaten elevens clash.

Cornell, the defending Ivy loop champion, probably will enter the fray a slight favorite even though in this case the Big Red is the defensive outfit and Princeton specializes on pulverizing the opposition.

Midwest Picture  
There are major conference games all over the country but none will have a bearing on the national picture. In the big ten for example, Ohio State, seeking to repeat its conference victory of last year, goes after Iowa at Columbus, while Northwestern tackles Wisconsin, which has been beaten but once.

Indiana bucks Illinois and Michigan engages Minnesota. Notre Dame, rapidly becoming the forgotten team of college football, goes up against Michigan State in an effort to salvage some prestige.

In the Pacific Coast conference, a couple of Rose Bowl aspirants, Stanford and Washington, both of which tasted defeat for the first time last week, clash.

Texas gets its chance to give Rice the lumps in the feature southwest conference game.

Feature of the southeast conference program will be the Kentucky-Georgia Tech game in Atlanta. Kentucky, the nation's fourth-ranked team, is rated a heavy favorite.

## Palmyra Snaps Biglerville Streak With 25-19 Triumph

Playing before an overflow crowd at Biglerville Thursday night, the Palmyra high school football team knocked the Biglerville Cannons out of the unbeaten ranks by scoring a 25-19 triumph. The game was hard fought on both sides throughout. On the statistical side, the Cannons outgained the Palms in first downs 16 to 10. Biglerville showed an air attack for the first time this season. They heaved 14 arials, completing six, with two intercepted. The Palms attempted 16 passes, completing eight while none were intercepted.

Kapp returned Spicer's opening kickoff to his own 33. After gaining one first down the attack was stopped and Teahl punted out of bounds on the Biglerville 21. From this point the Cannons launched a drive which netted them six first downs and a TD. During this drive not a single pass was used, gains being made mostly through the center of the line. Rice scored the first TD on a quarterback from the six-inch line. Spicer's replacement split the uprights for the extra point.

Teahl brought the following kickoff to the 33, and on the next play from scrimmage Hartman broke through and ran all the way for the touchdown. Teahl's try point was blocked.

Rice returned the kickoff to the 25. Three running plays did not net enough yardage for a first down and Lawver kicked out of bounds on the Palmyra 25. The Palms were unable to advance, and Teahl was forced to punt on the first play of the second period. The kick went out of bounds on the Biglerville 45.

From the 45 the Cannons again launched a touchdown drive. The drive was climaxed by a 27-yard aerial from Rice to Lawver for the tally. Spicer's placement was wide. Grant returned the kickoff from the 11 to the 28, from where Palmyra launched its second goalward thrust.

This drive was capped by a 40-yard pass from Grant to Teahl who caught the ball in the end zone. Teahl's placement was low and wide.

Following this action there was an exchange of punts, after which the first half ended with Biglerville having a 13-12 advantage.

During the first part of the third frame the two teams showed a remarkable defensive system. Neither team was able to make more than two first downs in a row. During this part of the game Biglerville was forced to punt twice while the Palms were kicking once. Near the close of the period, the Palms broke through the Cannon defense to start a drive of 52 yards. Teahl climaxed the drive by plunging over from the four. A pass, Teahl to Kreiser, netted the extra point. A few plays later the third period came to a close.

Each team scored in the last quarter. Palmyra's coming on the second play when Grant intercepted a Lawver pass and ran 71 yards for the touchdown. A pass for the point failed.

Walde returned the kickoff to the 20. On the second play of that series, Grant again flied a Biglerville pass, but this time was tackled on the spot. After a series of penalties against both sides the Palms were forced to punt. The Cannons took the touchback out on the 20, and from there made a march for the goal. They were aided at the 20 yard line of Palmyra when Lawver was clipped while trying to receive a pass. Warner made the last tally for the Cannons by plunging over from the one. A line buck for the point was stopped. Boyer returned the kickoff to the 29, but the game ended three plays later.

## Mounts To Engage Catholic U Eleven

After an open date last week, the Mt. St. Mary's college will resume its gridiron warfare Saturday afternoon by meeting Catholic university of Washington, D. C., at Emmitsburg.

It had previously been reported that Catholic university was to play at Emmitsburg last Saturday.

The Mountaineers are well rested and are prepared for a stiff battle with their Washington opponents.

## PHIL RIZZUTO CHOSEN "MOST VALUABLE" MAN

New York, Oct. 27 (AP)—Phil Rizzuto, who was chased out of the Polo grounds and Ebbets field because he was "too small" is the most valuable player in the American league for 1950.

Rizzuto, the little game cock who plays a man sized shortstop for the world champion New York Yankees, won the coveted award yesterday with plenty to spare.

The 32-year-old star polled 16 of 23 first place votes and 284 of a maximum 322 points in a poll conducted by the Baseball Writers association of America.

Goodman Second  
Boston's Billy Goodman, the league's batting champion, finished a distant second. Goodman received only four first place ballots and wound up with 180 points. Catcher Yogi Berra of the Yanks drew the three remaining first place votes and finished third with 146 points.

Rounding out the top ten were George Kell, Detroit, fourth; Bob Lemon, Cleveland, fifth; Walt Dropo, Boston, sixth; Vic Raschi, New York, seventh; Larry Doby, Cleveland, eighth; Joe DiMaggio, New York, ninth and Vic Wertz, Detroit, tenth.

Ted Williams of Boston, last year's winner, finished way down. Williams drew only seven votes. The great slugger however missed a good part of the season because of a broken elbow.

## PIRATES SQUASH RICKEY RUMOR

Brooklyn, Oct. 27 (AP)—Which way Branch Rickey? That's the question puzzling the baseball world today now that the bushy-browed executive definitely is through in Brooklyn.

Pittsburgh had seemed like the best bet, but last night Rickey, in Columbus, O., denied reports he would become general manager of the Pirates. And in Pittsburgh Tom Johnson, secretary-treasurer of the Pirates, declared "I'm sure no deal has jelled between Rickey and Galbreath because I would know about it if it had." Johnson referred to John Galbreath, owner of the Pirates.

In addition Johnson said "I know definitely that Harney (Roy Harney, Pittsburgh general manager) is not going to leave the Pirates no matter what Rickey does."

This increased speculation over a report that the 69-year-old Rickey had been mentioned as a possibility for president of DePauw university at Greencastle, Ind.

When Rickey announced his resignation as president and general manager of the Brooklyn Dodgers yesterday he said he planned to see Galbreath, an old friend, "within a few days." Rickey also said he would visit St. Louis.

Galbreath was due in New York yesterday but changed plans. Perhaps they will meet over the weekend because Rickey was to attend a board of trustees meeting at Ohio Wesleyan in Delaware, O., today.

After that he will attend a baseball meeting in Cincinnati Tuesday.

## TWO CHURCHES FAVOR MERGER

Johnstown, Pa., Oct. 27 (AP)—The State Baptist and disciples of Christ church conventions want a merger of their national groups into a single denomination of more than 3,000,000 communicants.

Both churches, which this year for the first time in their histories held their state meetings in the same city on the same dates, adopted resolutions yesterday urging "a more perfect understanding." Churchmen predict the merger will become a reality in about four years.

Two national leaders from Washington, D. C., urged consolidation of the churches at a joint meeting which closed the conferences here last night. They are Dr. E. H. Pruden of the Washington First Baptist church and president of the American Baptist convention, and Dr. J. Warren Hastings of the National City Christian church.

Dr. Pruden told the church folk: "I believe it is keeping with Christ's views that this merger should be brought about."

The Baptist conference adopted a resolution which said "we believe the commissions should continue the work of affiliation and fellowship with the view to a more perfect understanding." The disciples passed a similar resolution.

The Baptists, at an afternoon session, named Dr. C. C. Rich of Gardards Fort as their president.

GAME AT HARNEY  
Hunters, playoff champions of the South Penn Baseball league, and Harney, of the Penn-Maryland circuit, will play an exhibition game at Harney Sunday afternoon at 2 o'clock.

Philadelphia, Oct. 27 (AP)—The Pennsylvania railroad's net income for the first nine months of 1950 was \$20,885,560 greater than the comparable 1949 period. A report issued by the PRR yesterday showed a net income of \$21,537,579 during the nine months ended September

30. Strikes sharply reduced the 1949 income, the report said.

## RAY ROBINSON KAYOES OLSON IN 12TH ROUND

Philadelphia, Oct. 27 (AP)—The promoters are still marching in the lambs and Ray (Sugar) Robinson continues to slaughter them in the master style of the Harlem dandy.

Last night it was Carl (Bobo) Olson who faced the Robinson fists. Fresh from the Hawaiian Islands, 22-year-old Olson tried to win Robinson's Pennsylvania-version middleweight championship. All he got for 5,500 miles of traveling was his fourth defeat in 15 fights.

Robinson set Olson down for the count in 1:19 of the 12th round of a scheduled 15 rounder at Convention Hall.

Olson never had a chance. One judge gave him a round while the other judge and the referee called one round even and gave Robinson the rest. A low blow cost the champion the 11th.

Robinson had only one trouble with Olson. That was hitting him. The islander offered a unique defense that made him a very tough target. He held his hands high and allowed his elbows to protrude in front of his midsection. It's a style to make an opponent work so hard trying to get in a punch that he wears himself out. But Olson was being cute with the wrong guy.

Robinson admitted in his dressing room after the fight that although he had everything his own way, Olson was one of the toughest opponents he has faced in his 11-year pro-rising career.

Olson, who never hit the canvas before in his career, called Robinson "the greatest fighter I've ever seen. He's awfully smart. I thought he finished me with a right to the head but the way my side feels there's not much doubt what did it."

In retaining his Pennsylvania 160 pound crown, Robinson won his 11th fight in 121 efforts. Only a defeat by the middleweight champion in the other 47 states, Jake Lamotta, and two draws blot the Robinson record. He has licked Lamotta four times.

## Johns Hopkins Will Meet Bullets; Coder Returns; Seven Bands To Perform

A better-than-average Johns Hopkins university football team will oppose the Gettysburg college eleven on Memorial field Saturday afternoon at 2 o'clock.

Father's Day will be observed on the campus Saturday and as a special feature there will be seven bands performing at the game.

Five Adams county high school bands from Gettysburg, Biglerville, East Berlin, New Oxford and York Springs, will be guests of the college and will march onto the field at 1:30 o'clock for a pre-game exhibition. The Johns Hopkins and college bands will provide entertainment at half time.

Johns Hopkins has a heavy team which will have a distinct advantage over the Bullets, particularly on the line.

In Lay and Miller, two veterans, the Blue Jays boast a pair of exceedingly fast and tricky backs who are certain to cause the Orange and Blue outfit some trouble.

### Many Favor Jays

There is little doubt that Johns Hopkins, like other future opponents of the Bullets, feels that this is the year to win over the Bream-men and will go all out to pull the upset. The team "upset" is to be used sparingly inasmuch as many forecasters have picked the Blue Jays to win on Saturday.

John Hopkins' season record is not too impressive. In the opener the Jays lost to Hampden-Sydney 25-14 and then bowed to Franklin and Marshall 20-14. After walloping Susquehanna 34-0, the Baltimore lads were forced to accept a 13-13 tie with Catholic university last week despite outplaying their opponents all the way.

Coach "Hen" Bream today announced that Eugene Coder, veteran end, who has been out of action due to an injury since the opener with Bucknell, will be available for part time duty.

### Hammond Advanced

Another change has also been announced for Saturday. Jim Hammond, a sophomore back, will draw his first starting role as a member of the offensive unit.

In addition to Hammond, the backfield to bear the brunt of the attack will include Tom Faulkner, who gave such a fine performance last week; Vince Rossetti, another hard running back; and Ditty Jones, who turned in a nice exhibition against Muhlenberg, particularly on his long punts.

The Bullets will be out to halt a three-game losing streak against Hopkins. They are hopeful of starting a four-game winning streak this week which would also require victories over Dickinson, Albright and P. and M. in that order.

Shortly afterwards an exchange of punts gave the Bullets the ball on their own 38. At that point Jones, Bison back, stole the ball from the hands of a Bullet carrier and raced to a score. McFee converted to put the Bisons ahead 7-6.

### Araneo Raced 60 Yards

Coach Cole re-inserted his original starting team and the Bullets soon tallied. Gettysburg took possession on the 40 on the following kickoff and on the first play from scrimmage Araneo circled right end to race 60 yards for the TD. Pratt's kick for the point was blocked.

Bucknell made its best bid for a second score early in the second period when two straight first downs put the ball on the 8. Three line smashes gained a total of one yard against the stalwart Bullet line and when a pass failed, the Cole-men took over on the 7.

Near the end of the half the Bullets drove to the visitors' 9 where a Bison intercepted a pass.

Ujohai returned the second half kickoff to the 30 and then Cagiano broke through left tackle and raced 50 yards before being dropped on the Bison 20. Bucknell braced and took over on the 15.

Neither team could get its offense clicking in the second half and each had its runners tossed for large losses time and again.

Next Friday the Bullets will go after their fourth straight when Mercersburg academy will be met at Mercersburg.

## PRINCETON AND CORNELL CLASH IN TOP CONTEST

New York, Oct. 27 (AP)—The country's No. 1 football team, Southern Methodist, will stand on the sidelines and watch the lesser lights scramble for spots in the top ten this week.

Army, which is rated No. 2, could take over the top spot if it scores decisively over Columbia, one of the have nots of the Ivy league. But the Lions—though they probably will go down—are not to be taken lightly.

It will be recalled that in 1947, Lou Little's boys came up with one of the major upsets of the year by whipping the cadets, 21-20.

No. 3, Oklahoma, sporting the longest winning streak in current college circles, 25—takes on Iowa state, and this is figured by the odds makers to be a breeze for the powerful Sooners.

From a competitive standpoint, the game of the week will pair a couple of ancient and hallowed Ivy league rivals, Cornell and Princeton in Tigerstown. A crowd of 50,000 will be on hand in Palmer stadium when these two unbeaten eleven clash.

Cornell, the defending Ivy loop champion, probably will enter the fray a slight favorite even though in this case the Big Red is the defensive outfit and Princeton specializes on pulverizing the opposition.

### Midwest Picture

There are major conference games all over the country but none will have a bearing on the national picture. In the big ten for example, Ohio State, seeking to repeat its conference victory of last year, goes after Iowa at Columbus, while Northwestern tackles Wisconsin, which has been beaten but once.

Indiana bucks Illinois and Michigan engages Minnesota. Notre Dame, rapidly becoming the forgotten team of college football, goes up against Michigan State in an effort to salvage some prestige.

In the Pacific Coast conference, a couple of Rose Bowl aspirants, Stanford and Washington, both of which tasted defeat for the first time last week, clash.

Texas gets its chance to give Rice the lumps in the feature southwest conference game.

Feature of the southeast conference program will be the Kentucky-Georgia Tech game in Atlanta. Kentucky, the nation's fourth-ranked team, is rated a heavy favorite.

## Palmyra Snaps Biglerville Streak With 25-19 Triumph

Playing before an overflow crowd at Biglerville Thursday night, the Palmyra high school football team knocked the Biglerville Cannons out of the unbeaten ranks by scoring a 25-19 triumph. The game was hard fought on both sides throughout. On the statistical side, the Cannons outgained the Palms in first downs 16 to 10. Biglerville showed an air attack for the first time this season. They heaved 14 aials, completing six, with two intercepted. The Palms attempted 16 passes, completing eight while none were intercepted.

Kapp returned Spicer's opening kickoff to his own 33. After gaining one first down the attack was stopped and Teahl punted out of bounds on the Biglerville 21. From this point the Cannons launched a drive which netted them six first downs and a TD. During this drive not a single pass was used, gains being made mostly through the center of the line. Rice scored the first TD on a quarterback from the six-inch line. Spicer's replacement split the uprights for the extra point.

Teahl brought the following kickoff to the 33, and on the next play from scrimmage Hartman broke through and ran all the way for the touchdown. Teahl's try for point was blocked.

Rice returned the kickoff to the 25. Three running plays did not net enough yardage for a first down and Lawver kicked out of bounds on the Palmyra 25. The Palms were unable to advance, and Teahl was forced to punt on the first play of the second period. The kick went out of bounds on the Biglerville 45.

From the 45 the Cannons again launched a touchdown drive. The drive was climaxed by a 27-yard aerial from Rice to Lawver for the tally. Spicer's placement was wide. Grant returned the kickoff from the 11 to the 28, from where Palmyra launched its second goalward thrust. This drive was capped by a 40-yard pass from Grant to Teahl who caught the ball in the end zone. Teahl's placement was low and wide.

Following this action there was an exchange of punts, after which the first half ended with Biglerville having a 13-12 advantage.

During the first part of the third frame the two teams showed a remarkable defensive system. Neither team was able to make more than two first downs in a row. During this part of the game Biglerville was forced to punt twice while the Palms were kicking once. Near the close of the period, the Palms broke through the Cannor defense to start a drive of 52 yards. Teahl climaxed the drive by plunging over from the four. A pass, Teahl to Kreiser, netted the extra point. A few plays later the third period came to a close.

Each team scored in the last quarter. Palmyra's coming on the second play when Grant intercepted a Lawver pass and ran 71 yards for the touchdown. A pass for the point failed.

Walde returned the kickoff to the 20. On the second play of that series, Grant again flied a Biglerville pass, but this time was tackled on the spot. After a series of penalties against both sides the Palms were forced to punt. The Cannors took the touchback out on the 20, and from there made a march for the goal. They were aided at the 20 yard line of Palmyra when Lawver was clipped while trying to receive a pass. Warner made the last tally for the Cannors by plunging over from the one. A line buck for the point was stopped. Boyer returned the kickoff to the 29, but the game ended three plays later.

## PHIL RIZZUTO CHOSEN "MOST VALUABLE" MAN

New York, Oct. 27 (AP)—Phil Rizzuto, who was chased out of the Polo grounds and Ebbs field because he was "too small" is the most valuable player in the American league for 1950.

Rizzuto, the little game cock who plays a man sized shortstop for the world champion New York Yankees, won the coveted award yesterday with plenty to spare.

The 32-year-old star polled 16 of 23 first place votes and 284 of a maximum 322 points in a poll conducted by the Baseball Writers association of America.

### Goodman Second

Boston's Billy Goodman, the league's batting champion, finished a distant second. Goodman received only four first place ballots and wound up with 180 points. Catcher Yogi Berra of the Yanks drew the three remaining first place votes and finished third with 146 points.

Rounding out the top ten were George Kell, Detroit, fourth; Bob Lemon, Cleveland, fifth; Walt Dropo, Boston, sixth; Vic Raschi, New York, seventh; Larry Doby, Cleveland, eighth; Joe DiMaggio, New York, ninth and Vic Vitez, Detroit, tenth.

Ted Williams of Boston, last year's winner, finished way down. Williams drew only seven votes. The great slugger however missed a good part of the season because of a broken elbow.

## PIRATES SQUASH RICKEY RUMOR

Brooklyn, Oct. 27 (AP)—Which way Branch Rickey? That's the question puzzling the baseball world today now that the bushy-browed executive definitely is through in Brooklyn.

Pittsburgh had seemed like the best bet, but last night Rickey, in Columbus, O., denied reports he would become general manager of the Pirates. And in Pittsburgh Tom Johnson, secretary-treasurer of the Pirates, declared "I'm sure no deal has jelled between Rickey and Galbreath because I would know about it if it had." Johnson referred to John Galbreath, owner of the Pirates.

In addition Johnson said "I know definitely that Hamey (Roy Hamey, Pittsburgh general manager) is not going to leave the Pirates no matter what Rickey does."

This increased speculation over a report that the 69-year-old Rickey had been mentioned as a possibility for president of DePaul university at Greencastle, Ind.

When Rickey announced his resignation as president and general manager of the Brooklyn Dodgers yesterday he said he planned to see Galbreath, an old friend, "within a few days." Rickey also said he would visit St. Louis.

Galbreath was due in New York yesterday but changed plans. Perhaps they will meet over the weekend because Rickey was to attend a board of trustees meeting at Ohio Wesleyan in Delaware, O., today. After that he will attend a baseball meeting in Cincinnati Tuesday.

## Be Careful While Hunting

Hunter is shown firing on rabbit with fine shot ricocheting off ground toward hunter beyond. KNOW the whereabouts of other hunters nearby. Be SURE of your target—that no one is in line of fire. Ricochets off stones, trees or water are often dangerous.

Branch Rickey holds his head against the heel of his hand as he tells newsmen in Brooklyn that he is stepping out of the Brooklyn Dodgers baseball organization on October 29. Listening is Walter O'Malley, one of the chief stockholders of the club, who was named president to succeed Rickey.

## TWO CHURCHES FAVOR MERGER

Johnstown, Pa., Oct. 27 (AP)—The State Baptist and disciples of Christ church conventions want a merger of their national groups into a single denomination of more than 3,000,000 communicants.

Both churches, which this year for the first time in their histories held their state meetings in the same city on the same dates, adopted resolutions yesterday urging "a more perfect understanding." Churchmen predict the merger will become a reality in about four years.

Two national leaders from Washington, D. C., urged consolidation of the churches at a joint meeting which closed the conferences here last night. They are Dr. E. H. Pruden of the Washington First Baptist church and president of the American Baptist convention, and Dr. J. Warren Hastings of the National City Christian church.

Dr. Pruden told the church folk: "I believe it is keeping with Christ's views that this merger should be brought about."

The Baptist conference adopted a resolution which said "we believe the commissions should continue the work of affiliation and fellowship with the view to a more perfect understanding." The disciples passed a similar resolution.

The Baptists, at an afternoon session, named Dr. C. C. Rich of Garyards Fort as their president.

## RAY ROBINSON KAYOES OLSON IN 12TH ROUND

Philadelphia, Oct. 27 (AP)—The promoters are still marching in the lams and Ray (Sugar) Robinson continues to slaughter them in the master style of the Harlem dandy.

Last night it was Carl (Bobo) Olson who faced the Robinson fists. Fresh from the Hawaiian Islands, 22-year-old Olson tried to win Robinson's Pennsylvania-version middleweight championship. All he got for 5,500 miles of traveling was his fourth defeat in 53 fights.

Robinson set Olson down for the count in 1:19 of the 12th round of a scheduled 15 rounder at Convention Hall.

Olson never had a chance. One judge gave him a round while the other judge and the referee called one round even and gave Robinson the rest. A low blow cost the champion the 11th.

Robinson had only one trouble with Olson. That was hitting him. The islander offered a unique defense that made him a very tough target. He held his hands high and allowed his elbows to protrude in front of his midsection. It's a style to make an opponent work so hard trying to get in a punch that he wears himself out. But Olson was being cute with the wrong guy.

Robinson admitted in his dressing room after the fight that although he had everything his own way, Olson was one of the toughest opponents he has faced in his 11-year pro-career.

Olson, who never hit the canvas before in his career, called Robinson, "the greatest fighter I've ever seen. He's awfully smart. I thought he finished me with a right to the head but the way my side feels there's not much doubt what did it."

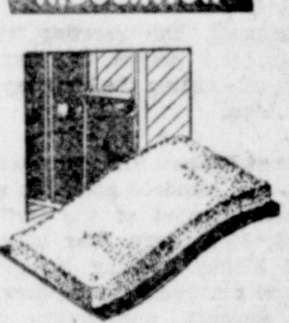

In retaining his Pennsylvania 160 pound crown, Robinson won his 118th fight in 121 efforts. Only a defeat by the middleweight champion in the other 47 states, Jake Lamotta, and two draws blot the Robinson record. He has licked Lamotta four times.

# TO DRAMATIZE CONFESSIONS

The Ave Maria hour Sunday afternoon at 5:30 o'clock over Radio Station WGET will present a dramatization on the "Confessions of St. Augustine." It was announced today. Described as a "Fourth Century Seven Storey Mountain," the story of St. Augustine tells both the depths to which a man can fall and the heights to which he can ascend. After falling into the immorality of his day he gave up his wrong-doing and became famed for his saintliness and later became a bishop and a doctor of the church.

# DOWN TO 28 TODAY

Gettysburg experienced its first freeze of the fall season this morning when the mercury dipped to 28 degrees. Ice formed many places and there was a stiff, white frost. The previous low was a reading of 34 degrees on October 6 that brought the season's first frost here. Arendtsville weather station also had a low of 28 degrees today.

# SAFE TO SEED WHEAT

With the killing frost that was noted this morning in Adams county, County Agent M. T. Hartman advised farmers that it is safe now to seed wheat. The frost brings to an end activities of the Hessian fly and as a result there is less damage to the seeded wheat.

# Work Nine Hours To Free Workman

Chicago, Oct. 27 (AP)—Firemen, workmen and doctors today freed a 21-year-old workman whose right hand was wedged more than nine hours in the metal nipple of a hopper.

They used hydraulic jacks, hack saws, emery wheels, and acetylene torches to dismantle machinery and gradually loosen its grip on the hand of Stanley Kielma, Jr. He suffered no permanent injury.

Firemen were called at 5 a.m. to the Allied Chemical and Die corporation, four hours after his hand became trapped to the wrist in a giant-sized centrifugal machine used to clean tools.

The machine was gradually taken apart after it became evident the hand could not be freed by applying liquid soap or other lubricants. Later Kielma lost consciousness and was taken to a hospital.

# CAR DEMAND HOLDS

New York, Oct. 27 (AP)—Continued heavy demand for new automobiles is reflected in the General Motors corporation's report of record sales and profits in the first nine months of this year. ## Today's Talk

BY GEORGE MATTHEW ADAMS  
INTELLIGENT CURIOSITYMore than anything else, I believe,  
intelligent curiosity is what has  
created more useful inventions, and  
broadened the mind, than almost  
any other factor. Fabre was in-  
trigued by the life of insects, so he  
devoted his life to them. Edison's in-  
telligent curiosity is what led him  
into so many successful inventions.In Woodrow Wilson's inspiring  
little book, "On Being Human," he  
said: "Keep but your eyes alert and  
your ears quick, as you move among  
men and among books, and you will  
find yourself possessed at last of a  
new sense, the sense of the path-  
finder."Intelligent curiosity is what has  
caused the building of the greatest  
telescopes which have revealed new  
worlds to us, and opened up specula-  
tion as to the stars and planets that  
lie far away in our heavens. Who can  
guess what will be discovered next?  
We would know nothing of the  
precious minerals and gems, hidden  
away in the earth, had not men been  
curious.It was the curiosity of Charles M.  
Doughty that made possible his great  
book, "Travels in Arabia Deserta,"  
and an endless number of other  
books have been written about re-  
ligions, countries, and peoples, in-  
itiated by this intelligent curiosity to  
know and to learn. We would have  
none of the fascinating books on the  
ant and bee had not men been curi-  
ous. The law of gravitation was thus  
discovered—and to the curiosity of  
Columbus we owe the discovery and  
development of this western world.Nature has always been a store-  
house of knowledge, and men have  
drawn copiously from that great  
reservoir, enriching all life. Nature  
is our greatest text-book. Anyone  
who will read intelligently from it  
may learn more than college could  
teach, in fact the majority of col-  
lege text-books are those which had  
their inception in nature.About twenty years ago, Holbrook  
Jackson published two large volumes  
called "The Anatomy of Biblio-  
mania," one of the most fascinating  
sets of books about books, lovers of  
books, and the habits of book read-  
ers, ever published. Just because the  
author was curious, I suspect!Tomorrow Mr. Adams will talk on  
the subject: "Backward, Turn Back-  
ward."

## MEN

Men are all that women say.  
Selfish with their joys.  
Always running off to play  
Just like little boys.Ducks and geese are flying now  
Over lake and bay.  
Many a man is wondering how  
He can spend three days away.With the season for the deer,  
Anxious for his "one"  
Many a man will disappear,  
To the north woods gone.Men at heart are little boys  
Sports will lure to roam;  
Always craving selfish joys  
Taking them from home.

LABELLED BIG  
PEACE THREATBy DEWITT MACKENZIE  
(AP Foreign Affairs Analyst)America is employing one of her  
earliest defenses against Commu-  
nism in joining five other U. N.  
members to label fifth column ag-  
gression as among "the gravest of all  
crimes against peace and security  
throughout the world."A resolution to this effect has been  
placed before the assembly's politi-  
cal committee by the U. S. A. sup-  
port by Britain, France, Lebanon,  
Mexico and The Netherlands. This  
is in answer to the Russian peace  
project calling for armaments re-  
duction and branding as a war crim-  
inal the first government to use the  
atomic bomb.The grouping of the bomb with  
fifth column activities may seem far  
fetched at first blush. However, the  
fifth column is by far the most pow-  
erful weapon in the Soviet armory.  
The Red empire is built largely on  
the strength of these underground  
workers.

## Litvinoff Made Some Promises

One of the earliest of the world's  
statesmen to recognize the dangers  
of the fifth column, and to take ac-  
tion against it, was President  
Franklin D. Roosevelt. When he came  
to the White House in 1933 America  
hadn't yet recognized the New Soviet  
regime in Moscow, due in large de-  
gree to the Communist policy of  
World revolution which was being  
actively pushed. Fifth columnists  
were busy in the United States,  
Britain and many other countries,  
spreading propaganda and trying to  
stir up trouble.In October, 1933, F.D.R. invited  
Russia to confer on recognition. The  
Muscovites responded by sending  
Soviet Foreign Minister Maxim Lit-  
vinoff, who arrived in Washington  
on November 7. A conference with  
the President resulted in agreement  
and formal recognition was extended  
ten days later.However, before agreement was  
reached the President read the riot  
act to Litvinoff and exacted sweep-  
ing pledges from him. The foreign  
minister guaranteed that his emba-  
sy in Washington would refrain  
from propaganda against the social  
or political order in America and  
would restrain any agency, under di-  
rect or indirect Soviet control, from  
interfering in this country's internal  
affairs.

## Then Molotov Took Over

Mr. Roosevelt made Litvinoff go  
even further. The minister promised  
that Americans living in the Soviet  
Union would have all the legal  
rights granted to the nationals of  
other countries, and would have  
full freedom of conscience and the  
right to worship as they liked and  
there were other stipulations.Well, things ostensibly quieted  
down for a while. The Soviet Union  
joined the League of Nations in  
1934. The Communist International  
—or general staff for world rev-  
olution—shifted the character of its  
propaganda in many countries. Rad-  
ical revolutionary demands were  
shoved into the background, and the  
Communists sought "alliances" with  
socialist and other political parties.Then in 1939 came another rad-  
ical change. Litvinoff, advocate of  
collective security, was relieved of his  
post as foreign minister and dropped  
into obscurity. Molotov, hard-boiled  
old Bolshevik, took over.Communism was on the warpath  
in full strength again. Fifth columns  
were working overtime. Stalin  
signed the non-aggression pact with  
Hitler, thus enabling the Fuehrer to  
launch his world war. The rest of  
the story is fresh in everyone's mind.  
The world revolution is in full swing.

## Chapter 19

White and tense of face, not dar-  
ing to see about his companion.  
Carter worked the heavy express  
box out from under his feet and  
awkwardly shoved it overboard. It  
bounced from the wheel rim and  
thudded to the ground where one  
of the robbers quickly grabbed it  
and hauled it aside to shoot off the  
locks. The mail sack followed.With thoroughness and dispatch  
every passenger was despoiled and  
stripped of visible jewelry. The  
loot was gathered up in two canvas  
sacks. One bandit collected all  
weapons. Then the passengers were  
herded back into the coach while  
a pair of bandits hastily went  
through the luggage. Carter was  
forced to kick off the coach top.The leader never relaxed his  
vigilance for a second, giving crisp  
orders now and then as occasion  
warranted. Then he whistled, and  
an eighth masked man rode out of  
the brush with seven spare mounts  
and a couple of pack animals. The  
loot was loaded quickly. As a final  
precaution the leader approached  
and cut the traces of the coach  
horses, driving the animals away  
with a slap of his gun barrel. Then  
the entire gang mounted and rode  
southward along the flat top of  
the ridge.Not until then could Carter turn  
his attention to the badly wounded  
driver while the men passengers got  
out and rounded up the scattered  
coach horses. It was after sundown  
when the despoiled stage rolled into  
Gila City, the express guard hold-  
ing the reins and Frank Nichols  
coughing his life away on a blanket  
behind him.Logan had the driver carried in-  
to the hotel where he set to work  
trying to save his life. Nichols had  
been shot clean through, the rifle  
bullet piercing the right lung and  
narrowly missing the spinal column.  
The man was unconscious and  
weak from shock and loss of blood.The doctor saw that his condition  
was grave as he cleansed both ends  
of the ugly hole, staunching the  
flow of blood, and dressed the  
wounds. He gave a heart stimulant,  
a saline injection, and deplored the  
fact that he had no glucose. Then  
he put the patient to bed in warm  
blankets and with hot-water bot-  
tles about him. Having done all  
that he could for the time being,  
realizing he must wait to see how  
Nichols came out of the shock,  
Logan went down to the lobby.It was late, but he found Griggs-  
by waiting for him with the details  
of the hold-up.

"I couldn't prod Matlock into do-

ing anything tonight," the editor  
said, "but we're going out to the  
scene of the robbery in the morn-  
ing. How's Nichols?""I can't tell yet. If pneumonia  
doesn't set in, he may have a  
chance. As soon as I have a bite  
of food and some coffee I'll go  
back. I'll have to watch him all  
night."Griggsby ate with him, and Lo-  
gan told him about Nolly Sims and  
his sister. The editor became  
thoughtful."There may be a connection there  
of some sort," he said. "I don't  
doubt that this Holcomb fellow has  
been hived up at Frijole Flats. I  
must ask Overstreet if he saw him  
over there.""You mean a connection with the  
stage robbery?"  
Maybe. Frijole Flats is the closest  
settlement to the spot."  
"But would Holcomb be that  
brazen?""Why not—if his gang is strong  
enough? The whole thing was pulled  
mighty smoothly. The spot selected  
showed knowledge of the driving  
habits of Nichols. The day chosen  
was when Farnsworth was receiving  
a gold shipment. The job shows  
brains. Lucky that Nichols recog-  
nized Holcomb. He'll be a marked  
man now."Logan finished his second cup of  
coffee. Then he voiced a thought in  
both their minds. "You think Naylor  
might have had a hand in this busi-  
ness?""I don't know, son, but we're go-  
ing to find out. Killing Charlie  
Hohner put a crimp in his tail. We'll  
talk tomorrow. You try to get a  
little sleep if you can."The stage driver lay in a coma all  
night. Regularly the doctor checked  
his pulse and temperature, twice  
administering hypodermics. Wor-  
ried out, he finally fell into a doze in  
his chair at the bedside.He was aroused by a tapping at  
the door, and started up to note  
that it was broad daylight. There  
was little change in his patient's  
condition. He opened the door, and  
Mollie came in."Uncle Tom told me you had no  
nurse, Bob," she said. "Will I do?"  
"Mollie, I can't ask you to—" he  
protested."Nonsense! You're all tried out.  
Just explain what I must do, and  
then you go get some sleep. I want  
to help. I've known Frank Nichols all  
my life."Logan felt a surge of tenderness.  
Tom Griggsby and Mollie Barton.  
He didn't know what he would have  
done without them.

Leaving Mollie at the bedside,

ARMED FORCES  
TAPER OFF ON  
MOBILIZATIONWashington, Oct. 27 (AP) — The  
armed forces appeared today to be  
easing off the fast mobilization pace  
they set following the Communist  
invasion of South Korea.There were no signs of any change  
in this nation's announced intent  
to build a powerful military machine  
of defense against Communist pres-  
sure but there were indications that  
for the time being the permanent  
mobilization base is nearing com-  
pletion.Logan snatched an hour's rest.  
Then, cleaning up and shaving, he  
looked in on the patient for a mo-  
ment and went out on his round of  
calls. Griggsby had gone to the  
hold-up spot with Matlock, and  
Logan didn't see him all day.  
Thanks to the two girls, he got a  
few hours' sleep early in the eve-  
ning and then took up his lonely  
vigil beside Nichols the last half of  
the night.Before dawn Monday morning  
the stage driver became delirious.  
He came out of that about sun-up,  
and his mind cleared."Howdy, Doc," he whispered  
weakly.Logan checked him again and  
found his temperature below nor-  
mal. He gave him a heart stimulant  
quickly and felt the weak pulse  
beat step up a little. "Hello, Frank,"  
he greeted. "Feeling better?""No use, Doc," Nichols whispered.  
"I've made my last trip. Four dol-  
lars a round trip. Two and six bits  
one way."He subsided in a coughing spell,  
and died without speaking again.

## Meat Shortage

Washington, Oct. 27 (AP)—A meat  
industry economist cautioned today  
that the country faces a shortage  
of meat and skyrocketing prices  
next year unless the government  
takes steps soon to encourage greater  
output.Carl H. Wilken, economist with  
the raw materials national council,  
said a study just made for the Na-  
tional Independent Meat Packers  
association indicates consumers will  
demand an average of between 155  
and 160 pounds of meat in 1951.This is at least eight pounds more  
than the agriculture department ex-  
pects farmers to produce next year,  
unless special incentives are set up  
to encourage greater production.Commenting on the department  
forecast, Wilken told a reporter a  
survey of livestock feeding opera-  
tions led him to advise the packers  
that production next year may not  
exceed this year's level of 145 pounds  
for each consumer.

nounced today.

Dr. Eisenhower will be among  
nine to receive honorary degrees. A  
doctor of law will be awarded to  
him.

## Sunday School Lesson

Rev. Dr. Howard R. and Margaret C. Gold

**GROWING THROUGH READING AND MEDITATION**  
Acts 17:10-12; Philipians 4:8-9  
I Timothy 4:12-16; II Timothy 2:15, 14-13

Memory selection: Whatever is true, whatever is honorable, whatever is just, whatever is pure, whatever is lovely, whatever is gracious, if there is any excellence, if there is anything worthy of praise, think about

these things, Phil. 4:8.

The matter of growing in Christian living requires patience and effort. There is no easy path. But should it be so difficult for active, intelligent people? Some of the most energetic Christians who have succeeded in influencing the most lives have been invalids or people otherwise handicapped. Charlotte Elliott and Frances Havergal, English hymn writers of nearly a century

ago, were both invalids but spent their time writing tracts, devotional literature and hymns to help others. Paul wrote some of his cheeriest messages from a prison cell while old and ill advice to the congregations he had founded; words of courage and guidance to two young pastor—Timothy and Titus.

What is considered the best guide to right thinking? The Bible. It should always be used as a standard for what is good, right and honorable. All through the Bible the wise men and women have proved to be careful thinkers. God required Moses and Joshua to meditate constantly on the law, for the success of the Israelites' venture into Canaan depended largely upon the reliability and judgment of these leaders. Even Isaac was in the field medi-

tating when the camel train bearing his future wife arrived, possibly not thinking about spiritual matters, but at least seriously and thoughtfully considering his coming marriage. How sensible if today engaged couples would sit down prayerfully with their pastor and discuss marriage!

### Readiness To Think

Have you ever been asked pertinent questions about your faith or religion and given halting, unconsidered answers? If we would be able to express our views more convincingly, we would be able to convince by reading a good supply of Christian periodicals and books which are thoroughly Christian and help crystallize our own convictions. Some adults, like children, are not mentally mature and their minds

are not ready to consider, much less accept, new truths. Such was the case with the people of Thessalonica when Paul and Silas visited, and to whom they presented the gospel message. Instead of studying the new belief reasonably they started a riot.

But the Jews of Berea to whom the missionaries came later were quite different. They were open minded and quietly and systematically examined the Scriptures to discover if Paul's story of Jesus, the promised Messiah, were true. Their daily study of Isaiah, Jeremiah and other prophets finally convinced them, and the text says, "Many of them therefore believed." Christianity can stand investigation!

Some moderns are content to be

## SON The Father of His Country

### Meet George!

George wasn't present the night his illustrious namesake crossed the Delaware. Nor did he arrive in time to "winter" with his countrymen at Valley Forge. As a matter of fact, it was one hundred sixty-six years after Cornwallis surrendered that George became an American citizen—by birth.

George is old enough now to carry a flag. And he's old enough to carry in his heart the principles for which the flag stands.

One of those principles is Religious Liberty . . . the right of every American to worship and serve God in his own way.

George goes to Sunday School. That's part of carrying the flag.

For the sacred rights and privileges which the Father of His Country helped us to win, the son of his country must learn to love and to defend.

### THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake (2) For his children's sake. (3) For the sake of his community and nation (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## Sunday School Lesson

By

Rev. Dr. Howard R. and Margaret C. Gold

### GROWING THROUGH READING AND MEDITATION

Acts 17:10-12; Philippians 4:8-9  
I Timothy 4:12-16; II Timothy 2:15-17

Memory selection: Whatever is true, whatever is honorable, whatever is just, whatever is pure, whatever is lovely, whatever is gracious, if there is anything worthy of praise, think about

these things. Phil. 4:8.

The matter of growing in Christian living requires patience and effort. There is no easy path. But should it be so difficult for active, intelligent people? Some of the most energetic Christians who have succeeded in influencing the most lives have been invalids or people otherwise handicapped. Charlotte Elliott and Frances Havergal, English hymn writers of nearly a century

ago, were both invalided but spent their time writing tracts, devotional literature and hymns to help others. Paul wrote some of his cheeriest messages from a prison cell while old and ill. Advice to the congregations he had founded; words of courage and guidance to two young pastor—Timothy and Titus.

What is considered the truest guide to right thinking? The Bible. It should always be used as a standard for what is good, right and honorable. All through the Bible the wise men and women have proved to be careful thinkers. God required Moses and Joshua to meditate constantly on the law, for the success of the Israelites' venture into Canaan depended largely upon the reliability and judgment of these leaders. Even Isaac was in the field medi-

tating when the camel train bearing his future wife arrived, possibly not thinking about spiritual matters, but at least seriously and thoughtfully considering his coming marriage. How sensible if today engaged couples would sit down prayerfully with their pastor and discuss marriage!

### Readiness To Think

Have you ever been asked pertinent questions about your faith or religion and given halting, unconsidered answers? If we would meditate for awhile, we would be able to express our views more convincingly. Reading a good supply of Christian periodicals and books which are thoroughly Christian helps crystallize our own convictions. Some adults, like children, are not mentally mature and their minds

are not ready to consider much less accept, new truths. Such was the case with the people of Thessalonica when Paul and Silas visited, and to whom they presented the gospel message. Instead of studying the new belief reasonably they started a riot.

But the Jews of Berea to whom the missionaries came later were quite different. They were open minded and quietly and systematically examined the Scriptures to discover if Paul's story of Jesus, the promised Messiah, were true. Their daily study of Isaiah, Jeremiah and other prophets finally convinced them, and the text says, "Many of them therefore believed." Christianity can stand investigation!

Some moderns are content to be (Continued on Page 6)

## The Father of His Country

Meet George!

George wasn't present the night his illustrious namesake crossed the Delaware. Nor did he arrive in time to "winter" with his countrymen at Valley Forge. As a matter of fact, it was one hundred sixty-six years after Cornwallis surrendered that George became an American citizen—by birth.

George is old enough now to carry a flag. And he's old enough to carry in his heart the principles for which the flag stands.

One of those principles is Religious Liberty . . . the right of every American to worship and serve God in his own way.

George goes to Sunday School. That's part of carrying the flag.

For the sacred rights and privileges which the Father of His Country helped us to win, *the son of his country* must learn to love and to defend.

### THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## Today's Talk

BY GEORGE MATTHEW ADAMS

INTELLIGENT CURIOSITY

More than anything else, I believe, intelligent curiosity is what has created more useful inventions, and broadened the mind, than almost any other factor. Fabre was intrigued by the life of insects, so he devoted his life to them. Edison's intelligent curiosity is what led him into so many successful inventions.

In Woodrow Wilson's inspiring little book, "On Being Human," he said: "Keep but your eyes alert and your ears quick, as you move among men and among books, and you will find yourself possessed at last of a new sense, the sense of the pathfinder."

Intelligent curiosity is what has caused the building of the greatest telescopes which have revealed new worlds to us, and opened up speculation as to the stars and planets that lie far away in our heavens. Who can guess what will be discovered next? We would know nothing of the precious minerals and gems, hidden away in the earth, had not men been curious.

It was the curiosity of Charles M. Doughty that made possible his great book, "Travels in Arabia Deserta," and an endless number of other books have been written about religions, countries, and peoples, initiated by this intelligent curiosity to know and to learn. We would have none of the fascinating books on the ant and bee had not men been curious. The law of gravitation was thus discovered—and to the curiosity of Columbus we owe the discovery and development of this western world.

Nature has always been a storehouse of knowledge, and men have drawn copiously from that great reservoir, enriching all life. Nature is our greatest text-book. Anyone who will read intelligently from it may learn more than college could teach, in fact the majority of college text-books are those which had their inception in nature.

About twenty years ago, Holbrook Jackson published two large volumes called "The Anatomy of Bibliomania," one of the most fascinating sets of books about books, lovers of books, and the habits of book readers, ever published. Just because the author was curious, I suspect!

Tomorrow Mr. Adams will talk on the subject: "Backward, Turn Backward."

## Just Folks

By EDGAR A. GUEST

MEN

Men are all that women say.  
Selfish with their joys.  
Always running off to play  
Just like little boys.

Ducks and geese are flying now  
Over lake and bay.  
Many a man is wondering how  
He can spend three days away.

With the season for the deer,  
Anxious for his "one"  
Many a man will disappear,  
To the north woods gone.

Men at heart are little boys  
Sports will lure to roam;  
Always craving selfish joys  
Taking them from home.

## FIFTH COLUMN LABELLED BIG PEACE THREAT

By DEWITT MACKENZIE

(AP Foreign Affairs Analyst)

America is employing one of her earliest defenses against Communism in joining five other U. N. members to label fifth column aggression as among "the gravest of all crimes against peace and security throughout the world."

A resolution to this effect has been placed before the assembly's political committee by the U. S. A., supported by Britain, France, Lebanon, Mexico and The Netherlands. This is in answer to the Russian peace project calling for armaments reduction and branding as a war criminal the first government to use the atomic bomb.

The grouping of the bomb with fifth column activities may seem far fetched at first blush. However, the fifth column is by far the most powerful weapon in the Soviet armory. The Red empire is built largely on the strength of these underground workers.

Litvinoff Made Some Promises

One of the earliest of the world's statesmen to recognize the dangers of the fifth column, and to take action against it, was President Franklin D. Roosevelt. When he came to the White House in 1933 America hadn't yet recognized the New Soviet regime in Moscow, due in large degree to the Communist policy of World revolution which was being actively pushed. Fifth columnists were busy in the United States, Britain and many other countries, spreading propaganda and trying to stir up trouble.

In October, 1933, F.D.R. invited Russia to confer on recognition. The Muscovites responded by sending Soviet Foreign Minister Maxim Litvinoff, who arrived in Washington on November 7. A conference with the President resulted in agreement and formal recognition was extended ten days later.

However, before agreement was reached the President read the riot act to Litvinoff and exacted sweeping pledges from him. The foreign minister guaranteed that his embassy in Washington would refrain from propaganda against the social or political order in America and would restrain any agency, under direct or indirect Soviet control, from interfering in this country's internal affairs.

Then Molotov Took Over

Mr. Roosevelt made Litvinoff go even further. The minister promised that Americans living in the Soviet Union would have all the legal rights granted to the nationals of other countries, and would have full freedom of conscience and the right to worship as they liked and there were other stipulations.

Well, things ostensibly quieted down for a while. The Soviet Union joined the League of Nations in 1934. The Communist International—or general staff for world revolution—shifted the character of its propaganda in many countries. Radical revolutionary demands were shoved into the background, and the Communists sought "alliances" with socialist and other political parties.

Then in 1939 came another radical change. Litvinoff, advocate of collective security, was relieved of his post as foreign minister and dropped into obscurity. Molotov, hard-boiled old Bolshevik, took over.

Bolshevism was on the warpath in full strength again. Fifth columns were working overtime. Stalin signed the non-aggression pact with Hitler, thus enabling the Fuehrer to launch his world war. The rest of the story is fresh in everyone's mind. The world revolution is in full swing.

Chapter 19

White and sense of face, not daring to see about his companion Carter worked the heavy express box out from under his feet and awkwardly shoved it overboard. It bounced from the wheel rim and thudded to the ground where one of the robbers quickly grabbed it and hauled it aside to shoot off the locks. The mail sack followed.

With thoroughness and dispatch every passenger was despoiled and stripped of visible jewelry. The loot was gathered up in two canvas sacks. One bandit collected all weapons. Then the passengers were herded back into the coach while a pair of bandits hastily went through the luggage. Carter was forced to kick off the coach top.

The leader never relaxed his vigilance for a second, giving crisp orders now and then as occasion warranted. Then he whistled, and an eighth masked man rode out of the brush with seven spare mounts and a couple of pack animals. The loot was loaded quickly. As a final precaution the leader approached and cut the traces of the coach horses, driving the animals away with a slap of his gun barrel. Then the entire gang mounted and rode southward along the flat top of the ridge.

Not until then could Carter turn his attention to the badly wounded driver while the men passengers got out and rounded up the scattered coach horses. It was after sundown when the despoiled stage rolled into Gila City, the express guard holding the reins and Frank Nichols coughing his life away on a blanket behind him.

Logan had the driver carried into the hotel where he set to work trying to save his life. Nichols had been shot clean through, the rifle bullet piercing the right lung and narrowly missing the spinal column. The man was unconscious and weak from shock and loss of blood.

The doctor saw that his condition was grave as he cleaned both ends of the ugly hole, staunching the flow of blood, and dressed the wounds. He gave a heart stimulant, a saline injection, and deplored the fact that he had no glucose. Then he put the patient to bed in warm blankets and with hot-water bottles about him. Having done all that he could for the time being, realizing he must wait to see how Nichols came out of the shock, Logan went down to the lobby.

It was late, but he found Griggsby waiting for him with the details of the hold-up.

"I couldn't prod Matlock into do-

ing anything tonight," the editor said, "but we're going out to the scene of the robbery in the morning. How's Nichols?"

"I can't tell yet. If pneumonia doesn't set in, he may have a chance. As soon as I have a bite of food and some coffee I'll go back. I'll have to watch him all night."

Griggsby ate with him, and Logan told him about Nolly Sims and his sister. The editor became thoughtful.

"There may be a connection there of some sort," he said. "I don't doubt that this Holcomb fellow has been hived up at Frijoles Flats. I must ask Overstreet if he saw him over there."

"You mean a connection with the stage robbery?"

Maybe. Frijoles Flats is the closest settlement to the spot."

"But would Holcomb be that brazen?"

"Why not—if his gang is strong enough? The whole thing was pulled mighty smoothly. The spot selected showed knowledge of the driving habits of Nichols. The day chosen was when Farnsworth was receiving a gold shipment. The job shows brains. Lucky that Nichols recognized Holcomb. He'll be a marked man now."

Logan finished his second cup of coffee. Then he voiced a thought in both their minds. "You think Naylor might have had a hand in this business?"

"I don't know, son, but we're going to find out. Killing Charlie Hohner put a crump in his tail. We'll talk tomorrow. You try to get a little sleep if you can."

The stage driver lay in a coma all night. Regularly the doctor checked his pulse and temperature, twice administering hypodermics. Worried, he finally fell into a doze in his chair at the bedside.

He was aroused by a tapping at the door, and started up to note that it was broad daylight. There was little change in his patient's condition. He opened the door, and Mollie came in.

"Uncle Tom told me you had no nurse, Bob," she said. "Will I do?"

"Mollie, I can't ask you to—" he protested.

"Nonsense! You're all tried out. Just explain what I must do, and then you go get some sleep. I want to help. I've known Frank Nichols all my life."

Logan felt a surge of tenderness. Tom Griggsby and Mollie Barton. He didn't know what he would have done without them.

Leaving Mollie at the bedside,

## ARMED FORCES TAPER OFF ON MOBILIZATION

Washington, Oct. 27 (AP) — The armed forces appeared today to be easing off the fast mobilization pace they set following the Communist invasion of South Korea.

There were no signs of any change in this nation's announced intent to build a powerful military machine of defense against Communist pressure but there were indications that for the time being the permanent mobilization base is nearing completion.

Logan snatched an hour's rest. Then, cleaning up and shaving, he looked in on the patient for a moment and went out on his round of calls. Griggsby had gone to the hold-up spot with Matlock, and Logan didn't see him all day. Thanks to the two girls, he got a few hours' sleep early in the evening and then took up his lonely vigil beside Nichols the last half of the night.

Before dawn Monday morning the stage driver became delirious. He came out of that about sun-up, and his mind cleared.

"Howdy, Doc," he whispered weakly.

Logan checked him again and found his temperature below normal. He gave him a heart stimulant quickly and felt the weak pulse beat step up a little. "Hello, Frank," he greeted. "Feeling better?"

"No use, Doc," Nichols whispered. "I've made my last trip. Four dollars a round trip. Two and six bits one way."

He subsided in a coughing spell, and died without speaking again. Developments pointing in that direction included:

1. Secretary Pace said yesterday that the Army hopes to start releasing mobilized National Guardsmen and Reservists next summer in a program which may be completed before early 1952.

2. The Air Force announced it will halt immediately the call-up of enlisted reserves.

3. The Navy said it needs no more Naval Reserve airmen, and that its need for reserve aviation ground officers has been "substantially" met for the immediate future.

4. A Marine Corps spokesman said the corps will be calling only a few reservists from now on because the volunteer recruiting program has been proceeding satisfactorily.

These plans came out as the four services set up new procedures covering the recall and discharge of reservists. Each issued separate instructions to carry out Secretary of Defense Marshall's directive of Monday outlining an "orderly" policy for mobilization of reserve units and individuals.

### Country Faces Meat Shortage

Washington, Oct. 27 (AP)—A meat industry economist cautioned today that the country faces a shortage of meat and skyrocketing prices next year unless the government takes steps soon to encourage greater output.

Carl H. Wilken, economist with the raw materials national council, said a study just made for the National Independent Meat Packers association indicates consumers will demand an average of between 155 and 160 pounds of meat in 1951.

This is at least eight pounds more than the agriculture department expects farmers to produce next year, unless special incentives are set up to encourage greater production.

Commenting on the department forecast, Wilken told a reporter a survey of livestock feeding operations led him to advise the packers that production next year may not exceed this year's level of 145 pounds for each consumer.

mentally lazy and accept the opinions of others, especially if they are "big names." They are not what we call "consistent thinkers." The Apostle Paul was not only a consistent, but a "constant" thinker and reader. His anxiety to share Christ with Jews and Gentiles in a pagan, unbelieving world required thoughtful planning. The missionary journeys were no accident. In his travels he won the respect and admiration of all. His letter to the Philippians urges them "to think on these things"—whatever is true, honorable, just, pure, lovely and of good report. When they had learned and observed, they were to do these things. Only then would they grow as Christians.

The last verse of the text today is from II Timothy and shows the Apostle's own love of reading, for he instructs his young friend to bring his books to Rome "especially the parchments." Books were rare and costly in his day but literary men like Paul prized them.

**The Young Christian**

Paul's instructions to Timothy might be called a pattern for consecrated youth. The Apostle had become interested in Timothy and his family on his trip to Lystra during the first missionary tour. Timothy's mother was a Jewess, his father a Greek but he was Paul's "son in the faith." The aging evangelist leaned on the young man for comfort and support. His advice

On Thursday, November 2, the Irish delegation will be taken to Caledonia State park for inspection of the recreational facilities and the Michaux State forest as guests of John M. Forrest, manager of Graefenberg Inn. They will have luncheon at the Washington hotel, Chambersburg, with the Chambersburg Rotary club, as guests of J. William Cole, manager of the hotel.

**Going To Hershey**

The four proceeds over the Lincoln highway to Bedford in the afternoon. There they will be escorted through the Bedford Springs hotel property and later Fort Bedford inn, where Edmund L. Flynn, the proprietor, will tender a dinner in their honor that evening. The return trip to Gettysburg will be over the Pennsylvania Turnpike via Carlisle.

Friday's schedule calls for a visit to the C. H. Musselman plant, Biglerville, enroute to Carlisle where various hotels will be inspected. The route then follows to Hershey where the group will be luncheon guests of Manager Joseph Gassler at Hotel Hershey. After a tour of Hershey, the group returns to Harrisburg where they will inspect the Pennsylvania Harris hotel and be the guests at a dinner tendered by Franklin Moore, president and managing director. Officers and directors of the Pennsylvania Hotels association will participate in the dinner.

**From Here To Philadelphia**

The Irish hotelmen will return to Gettysburg that night and on Saturday morning will leave for Philadelphia where they will spend the week-end in further pursuit of their studies.

The following week will be spent in New York attending the National Hotel exposition at Grand Central Palace. Thereafter their inspection tour takes them to Washington for several days; thence through Virginia with a few days at Williams-

### NORTHWEST HIT BY BAD STORM

(By The Associated Press)

A destructive storm boiled into the northwest from the Pacific today leaving one dead, scores injured and heavy damage in coastal areas.

It was one of coastal California's worst storms and another, but perhaps lesser, blow is due tonight.

The freak weather, meanwhile, left the plains states boiling in summer-like heat. The mercury soared to 90 degrees yesterday in Wichita, Kas., and Tulsa, Okla., record highs for the date.

Winds up to 75 miles an hour raked the coast from Santa Barbara in southern California into Oregon. Trees crashed, windows were smashed and communications lines snapped. A deluge of rain accompanied the blow, flooding basements.

The storm hit harbor shipping. The Coast Guard was kept busy by distress calls from boats and ships in trouble. Some small boats were grounded or sunk. Two freighters dragged anchor in San Francisco Bay and collided with minor damage.

One drowning was blamed on the storm. Trees toppled on automobiles and homes injuring scores. Eight workers were hurt on the San Francisco peninsula when the wind dumped a railway roundhouse roof on them.

The Black Hills of South Dakota are covered with dark pine woods.

The Yellow river and the Yellow sea are colored by silt from the deserts of Mongolia.

## ANNOUNCEMENTS

**Card of Thanks** 2  
Buoh!—We wish to express our sincere thanks to all our friends for their kindness and sympathy during the illness and death of our father. Also for floral tributes and use of cars.  
The Buoh family

**In Memoriam** 3

**SCHINDLEDECKER**—In loving memory of our beloved husband and father, Samuel who passed away Oct. 27, 1949.  
Today my heart is heavy.  
My thoughts are all of thee.  
Oh, how I miss you, Samuel dear,  
None but God in Heaven can see.  
Some say time heals an aching heart.  
But, no, it isn't true.  
For one long year has passed, dear,  
And my heart still aches for you.  
God saw the road was getting rough,  
The hills were hard to climb;  
He gently closed his loving eyes  
And whispered: "Peace be thine."  
His weary hours, his days of pain,  
His weary nights are past;  
His ever-patient, worn-out frame  
Has found sweet rest at last.  
Gone, dear father, gone forever,  
How we miss your smiling face,  
But you left us to remember  
None on earth can take your place.  
A happy home was one enjoyed,  
How sweet the memory still.  
But death has left a loneliness  
The world can never fill.  
Devoted wife, children  
and grandchildren

mentally lazy and accept the opinions of others, especially if they are "big names." They are not what we call "consistent thinkers." The Apostle Paul was not only a consistent, but a constant thinker and reader. His anxiety to share Christ with Jews and Gentiles in a pagan, unbelieving world required thoughtful planning. The missionary journeys were no accident. In his travels he won the respect and admiration of all. His letter to the Philippians urges them "to think on these things"—whatever is true, honorable, just, pure, lovely and of good report. When they had learned and observed, they were to do these things. Only then would they grow as Christians.

The last verse of the text today is from II Timothy and shows the Apostle's own love of reading, for he instructs his young friend to bring his books to Rome "especially the parchments." Books were rare and costly in his day but literary men like Paul prized them.

**The Young Christian**  
Paul's instructions to Timothy might be called a pattern for consecrated youth. The Apostle had become interested in Timothy and his family on his trip to Lystra during the first missionary tour. Timothy's mother was a Jewess, his father a Greek but he was Paul's "son in the faith." The aging evangelist leaned on the young man for comfort and support. His advice

was, "Give heed to reading, to exhortation, to teaching." Another well known admonition was, "Do your best to present yourself to God as one approved, a workman who has no need to be ashamed, rightly handling the word of truth." With Christianity came freedom of thought and choice. Let us not abuse this privilege by choosing the wrong books, movies and plays. Be careful to sift the good from the worthless, always remembering the words of our Lord, "If you continue in my word, you are my disciples; and you will know the truth and the truth will make you free."

**Questions On The S.S. Lesson**

1. How do we grow in Christian living?
  2. What should be used as a standard for reading?
  3. Who was a consistent reader and thinker?
  4. What was his advice to the Philippians?
  5. Which city Paul visited was ready to accept the gospel?
  6. How could we catalogue Paul's advice to Timothy?
- Answers**
1. By patient effort.
  2. The Bible.
  3. Paul.
  4. To think, observe, then do "these things."
  5. Berea.
  6. As a pattern for consecrated youth.

On Thursday, November 2, the Irish delegation will be taken to Caledonia State park for inspection of the recreational facilities and the Michigan State forest as guests of John M. Forrest, manager of Graefenberg inn. They will have luncheon at the Washington hotel, Chambersburg, with the Chambersburg Rotary club, as guests of J. William Cole, manager of the hotel.

**Going To Hershey**  
The tour proceeds over the Lincoln highway to Bedford in the afternoon. There they will be escorted through the Bedford Springs hotel property and later Fort Bedford Inn, where Edmund L. Flynn, the proprietor, will tender a dinner in their honor that evening. The return trip to Gettysburg will be over the Pennsylvania Turnpike via Carlisle.

Friday's schedule calls for a visit to the C. H. Musselman plant, Biglerville, enroute to Carlisle where various hotels will be inspected. The route then follows to Hershey where the group will be luncheon guests of Manager Joseph Gassler at Hotel Hershey. After a tour of Hershey, the group returns to Harrisburg where they will inspect the Pennsylvania Hotels association will participate in the dinner.

**From Here To Philadelphia**  
The Irish hotelmen will return to Gettysburg that night and on Saturday morning will leave for Philadelphia where they will spend the week-end in further pursuit of their studies.

The following week will be spent in New York attending the National Hotel exposition at Grand Central Palace. Thereafter their inspection tour takes them to Washington for several days; thence through Virginia with a few days at Williams-

As a result about \$500 is collected per year in fees paid voluntarily by those who receive the ministrations of the nurse. Thus the organization is able to keep going from year to year without an increase in the amount allocated by the Community Chest.

Most of these who have been associated with the civic nursing association have remained members of the organization for many years. In its 38 years the unit has had but

The last two weeks will be spent in New York city with side trips to nearby mountain and seashore resorts. During this period the Irishmen will attend many technical conferences and will devote several days to making permanent records of their travels, observations and the information obtained.

The group will return to Ireland December 7.

## NORTHWEST HIT BY BAD STORM

(By The Associated Press)

A destructive storm boiled into the northwest from the Pacific today leaving one dead, scores injured and heavy damage in coastal areas.

It was one of coastal California's worst storms and another, but perhaps lesser, blow is due tonight.

The freak weather, meanwhile, left the plains states boiling in summer-like heat. The mercury soared to 90 degrees yesterday in Wichita, Kas., and Tulsa, Okla., record highs for the date.

Winds up to 75 miles an hour

raked the coast from Santa Barbara in southern California into Oregon. Trees crashed, windows were smashed and communications lines snapped. A deluge of rain accom-

panying the storm hit harbor shipping. The Coast Guard was kept busy by distress calls from boats and ships in trouble. Some small boats were grounded or sunk. Two freighters dragged anchor in San Francisco Bay and collided with minor damage.

One drowning was blamed on the storm. Trees toppled on automobiles and homes injuring scores. Eight workers were hurt on the San Francisco peninsula when the wind dumped a railway roundhouse roof on them.

The Black Hills of South Dakota are covered with dark pine woods.

The Yellow river and the Yellow sea are colored by silt from the deserts of Mongolia.

# AMERICAN MAY HEAD COMBINED DEFENSE FORCE

By ELTON C. FAY

Washington, Oct. 27 (AP)—The combined military force for defense of western Europe may be a going concern, headed by an American as supreme commander, within the next two months.

The military committee of the North Atlantic treaty organization last night completed a set of recommendations to be handed to the defense ministers of the 12 treaty powers when they meet here Saturday.

The blueprint prepared by the chiefs of staff composing the military committee provides: Creation of an integrated force for the collective defense of all the North Atlantic area (both Europe and the western hemisphere group of Canada and the United States); an integrated force for protection of the European area; the establishment of a supreme headquarters for the European force; the appointment of a supreme commander.

## May Be Eisenhower

There were broad hints that the nucleus of the European force, together with a supreme commander, would be functioning by January.

Neither the official communiqué nor an American spokesman who discussed it gave any hint on two points of major interest—the size of the collective force and its components or the nationality of the supreme commander.

Nevertheless, much speculation centered on Gen. Dwight D. Eisenhower, supreme commander of allied forces in western Europe in World War II. Those who guessed it would be Eisenhower pointed significantly to a scheduled meeting of the general with President Truman on Saturday.

The questions of a supreme commander and the forces to be contributed to the mutual defense system would not be settled by the recommendations of the military committee or the defense ministers.

Those problems, because of their high importance and their involvement in domestic situations of the various member nations, will require ultimate approval by the North Atlantic council of foreign ministers and the respective governments. Action can be taken by the foreign ministers' council without the time-consuming procedure of calling another council meeting, it was explained.

**CAUTIOUS BRAVE**—This black bear cub, his head covered with flour after an investigation of the tipped-over bucket at the Indian Village, Silver Springs, Fla., moves toward a Seminole Indian girl and a young brave who doesn't seem to be happy on furlough. In case police had difficulty in exchanging the Korean currency, Goodness enclosed a U. S. Army certificate good for a dollar.

The Red River is so called because of the reddish-brown silt it carries. A chemical solution brushed on girdled trees now is used to loosen the bark so the trees may be harvested for pulp at any time.

# JOLSON RITES DRAW 20,000

Hollywood, Oct. 27 (AP)—In death, as in life, Al Jolson drew a turnaway crowd. A milling crowd of 20,000 put a Hollywood ending to the Jolson story as final rites for the famed showman were held yesterday.

The great and small of show business, the plain folks who just liked his singing, the GIs who remembered his efforts to keep them happy—all were on hand to say a final good-bye. Many of them filed through Temple Israel as his body lay in state for nearly two hours before the services.

Then, until the doors of the temple were reopened to fill the 1,300-seat auditorium, they nearly stampeded. It had been planned to limit attendance at the rites to only close friends, but the widow—Jolson's attractive fourth wife, the former Erle Galbraith—asked that others be admitted.

Mourners heard George Jessel, Jolson's lifelong friend, eulogize the showman as "a great American, great artist, good Jew."

Almost simultaneously in New York, where Jolson's will was filed for probate, it was disclosed that about 90 per cent of his estimated \$4,000,000 estate will ultimately go to charity.

# Emmitsburg

## DEMOCRATS TO RALLY SATURDAY

A final big Democratic rally will be held in Emmitsburg at the White House Inn, Saturday, beginning at 8 p.m. This announcement has been made by the committee composed of J. Lester Nester, Mrs. Harry S. Boyle, John T. Garner and Lumen F. Norris. Committee Chairman Nester said that they have invited U.S. Senator Millard Tydings to be the speaker but due to the heavy demands made upon the senator at this time it was doubtful if he would be there to speak. He said, however, that there would be an outstanding speaker for the evening. General Hartle, candidate for Congress, will attend and all state and county candidates will be there to meet the voters and discuss issues with them. Chairman Nester said, all people of any political party interested in good roads and schools are invited to come and hear what the candidates have to say on these things and to tell them the kind of government the voters want. Refreshments will be served free.

# ENFORCEMENT OF NEW ACT HALTED

Pittsburgh, Oct. 27 (AP)—A federal court has halted enforcement of an anti-Communist law in Erie, Pa., on grounds the ordinance places "an unreasonable burden on the transaction of interstate business."

Judge J. Alger Fee's decision in federal District court yesterday prevents the northwestern Pennsylvania community — at least temporarily — from requiring registration of Communists and subversives.

The judge acted on a petition by the International Workers Order of New York, a fraternal insurance organization. The IWO claimed Erie's ordinance is ruining its insurance business.

Here's why, according to the organization: Since the IWO appears on the attorney general's list of subversive organizations, any Erie resident holding an insurance policy with the firm must register as a subversive under the terms of the ordinance.

Furthermore, the ordinance requires that all writings, communications or literature published by an organization listed as subversive be

## Halloween Party Is Held By Class

A Halloween party was held in connection with the October meeting of the Tuck-A-Bach Sunday school class of St. John's Lutheran church on Wednesday evening at the church. Group singing was in charge of the president, Mrs. Paul E. King with Mrs. Alvin Groft as pianist. Mrs. King read a scripture lesson, followed by group prayer. There were 16 members and 13 visitors in attendance.

The class inaugurated plans for a public roast chicken supper for the benefit of the class which will be served at the church at a date to be announced later.

Mrs. William Shadle, Littlestown R. 1, will be hostess to the next meeting on Wednesday, November 29, when the entertainment committee will consist of Mrs. Cletus Bair and Mrs. Malcolm Hess.

Refreshments were served by the hostesses Mrs. Earl Brumgard and Mrs. Joseph Selby. Mrs. George Strevig and Mrs. Walter Yingling were the entertainment committee for the evening. A ghost story was related by Mrs. Alvin Groft while various articles were passed in the darkness. Mrs. Elmo Jones won the prize for guessing the most of these articles. There was a grand march of those in costume. Mrs. Paul King was judged the most original and Mrs. Luther Hess was the one who wasn't guessed.

## To Resume Steel Wage Negotiations

Pittsburgh, Oct. 27 (AP)—President Philip Murray of the CIO-United Steelworkers and the U. S. Steel corporation today resume wage negotiations for the company's 155,000 production and maintenance employees.

Interest is centered on the meeting because U. S. Steel normally sets the wage pattern for the steel industry.

After an earlier meeting, Murray, who is also head of the CIO, did not disclose his actual dollars and cents demand but industry and Union sources agreed it hovered around 25 cents an hour. The steel workers now average \$1.70 per hour.

The steelworkers union has held preliminary discussions with a number of other companies since October 9, the date set by Murray in asking for an early reopening of wage talks.

Bear in mind, this is an eight — and a very special eight — with the eager and ever-lively power of a high-compression valve-in-head engine that's a Fireball to boot.

Take stock of its generous expanses of safety plate glass that mean extra visibility — and the sofa-wide comfort of its deep-cushioned seats.

# HEROICS GONE IN WAR TODAY, MARINES FIND

By BEM PRICE  
With U. S. First Marines off Korea, Oct. 24 (Delayed) (AP)—Marine reservists now catching up with this war, have a grim little gripe among themselves.

It goes like this:

"Somebody ought to set up a system for the number of wars a guy has got to fight—say three wars to a man and then he can go home and pick up the pieces of his life."

Thi leaves one more war per man for most, regulars and reserves alike. And with grunts of resignation you hear them talking of going to Indo-China.

Indo-China Next  
After President Truman promised material aid to the French in Indo-China, and in view of the French defeats, the marines are convinced that they will be in the jungle again shortly.

This is the first time in this

war that I have been with the marines. As an ex-marine myself, I can only sit and compare notes with the marines I knew in World War II.

There are not the "Gung Ho" or hell-for-leather marines of five years ago. Perhaps they are the deadlier fighters for it.

There is a grim realization that they have a job to do. And that they will do it with all the efficiency possible with the least loss of life to themselves.

War is not a subject of jest anymore.

They are perfectly aware that a man can expect to survive just so many battles. It is in their eyes and in their conversations.

The heroics of the last war are missing.

Perhaps the most moving of all changes is to be found in the wardrobe of this ship, the USS Pickaway enroute to a bloodless landing near Wonsan.

No Great Adventure  
Under similar circumstances in the last war the conversation inevitably was of girls, girls, girls. With a little urging the marines would haul out their pictures.

Now the pictures are of wives and children. But no longer are they

# NPA CONSIDERS CONTROL PLANS ON WAR METALS

By MAX HALL  
Washington, Oct. 27 (AP)—To speed the making of munitions, the government is planning to stem part of the immense flow of aluminum, copper and nickel now going into civilian products.

William H. Harrison, administrator of the National Production Authority, (NPA) told manufacturers yesterday that a "tentative plan" under consideration calls for a cut of 20 to 30 per cent in the non-military use of the three critical metals.

He didn't say when the plan might be put into effect.

Harrison also served notice that another important metal, cobalt, is so scarce that it may be removed from non-defense use altogether. Cobalt, similar to nickel, is used as a steel alloy and in electro-magnets.

It was not clear just how heavily

the proposed metals controls would affect the output of television sets, refrigerators, washing machines, automobiles, bicycles, toys, and other articles which contain aluminum, copper, nickel or cobalt.

This will depend in part on the extent to which a manufacturer can adopt substitutes for those metals.

The NPA said that the cutback program would apply to the metals only in their "primary forms." Each manufacturer using aluminum, copper, or nickel would have his supply reduced by a certain percentage below his average consumption during some particular previous period not yet determined.

But each manufacturer could still decide what products to make. And buyers of those products would not be limited to any percentage of their previous purchases.

Watermelon Juice  
Flown To Ill Boy  
Dagus Mines, Pa., Oct. 27 (AP)—A four-gallon keg of out-of-season watermelon juice was flying to the bedside of three-year-old Richard Veoni today.

Richard is suffering from nephrosis, a serious kidney disease. His physician, Dr. E. Schwangerer, says the boy must have fresh watermelon juice as part of his treatment.

The juice was extracted from melons yesterday at the Lafayette, La., plant of B. F. Trappey and Son. They said this is the initial test of an experimental canning program launched in an attempt to provide watermelon juice all year around for nephrosis victims.

The keg was shipped to Pittsburgh via Eastern Airlines, will arrive at

Bradford airport in an All-American lines plane tonight, and complete the final 40 miles of its journey to Richard's bedside by automobile.

Scranton, Pa., Oct. 27 (AP)—John E. Barker, former bank teller, received a suspended sentence yesterday after pleading guilty to em-

bezzling \$4,625 from the First National bank of Nanticoke.

Judge Albert L. Watson also placed Barker on two-year probation. The court was told that Barker 46, had made full restitution. He was employed by the bank 24 years.

A single silkworm may spin 400 to 1,000 yards of filament.

Laurel, Pa., Oct. 27 (AP)—Mayor Kendig C. Bare has received orders to report to the army for active duty November 17. Bare is 37, married and has no children. He was elected mayor for a four-year term on the Republican ticket last November and took office in January.

The longing for home was deep in the last war. But it was overshadowed by the great adventure. Now it is steeped for these men in bitterness. They now know that adventure is dirt and disease . . . and death.
